

The FCC should not implement any proposal that would lessen Indianas Telephone Privacy Law.

Indiana's Telephone Privacy Law has greatly improved my time at home.

I used to receive as many as 6 unwanted calls a day. Now I only receive maybe 2 a week.

This law is very important. It has protected me from unwanted, sometimes harrassing phone calls, that would come at all hours. It really has provided me peace in my own home - which I believe I am entitled to.

Thank you for your consideration.
